1. The following is an examiner's statement of reasons for allowance:

Claims 1-9 are allowed.

Regarding claims 1 and 7, reference Sano and Examiner's newly discovered reference Tsumura, in view of applicant's remarks, fail to teach that the overall gain is kept constant by the fixed gain amplifier when AGC voltage is outside a predetermined voltage range.

Regarding claims 3 and 9, reference Sano and Examiner's newly discovered reference Tsumura, in view of applicant's remarks, fail to teach an identical signal is being fed to the input of a fixed-gain amplifier and to input of a variable-gain amplifier as well as the overall gain is kept constant by the fixed gain amplifier when AGC voltage is outside a predetermined voltage range.

Reasons for allowance for claim 5 has been already written in the previous office action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
